Surrey Quays Leisure Park

Birds-eye view of the sites being masterplanned together by British Land, known as the Canada Water Masterplan

Thank you

In May 2017 we held exhibitions to share the Updated Draft Masterplan for feedback. About 1500 people attended with many very thoughtful discussions - our thanks to everybody involved.

We are currently analysing the feedback and will share the report for community review soon. We will also be at the Bermondsey Carnival and Rotherhithe Festival this year.

If you aren't already on the mailing list and would like to receive updates, please contact us to register your interest (details below).

Upcoming events

During the May exhibitions there was much discussion around ensuring that the Canada Water Masterplan is inclusive and a place that feels comfortable for everyone.

To help inform the more detailed design we will be holding Topic Sessions to 'dig-deeper' into this topic. Gathering local knowledge and input to help understand what can make the spaces, places and activities feel welcoming for all.

Discussions on other areas of interest, such as transport and social infrastructure, will continue after the summer.

Topic Session 1

Inclusion & community

On: Wed 05 July 2017
7pm - 8.30pm
Arrive from 6.30pm

At: CWM Hub (opposite Tesco), Surrey Quays Shopping Centre, SE16 7LL

'What makes a place feel like it's for me?' In this workshop we will explore what could make the future masterplan welcoming for all age groups. Learning from the local community to gather ideas on how the social and physical qualities of public streets and spaces can help create a sense of belonging.

Topic Session 2

Buildings, heritage & the spaces they create

On: Sun 16 July 2017
10.30am - 12.30pm
Arrive from 10.15am

At: Platform 9 ¾, King's Cross Station N1 9AP

If you need transport from SE16, please contact us.

What are the design qualities that can create enjoyable and interesting places to be? Looking at heritage, street design, parks and public spaces, materials and activities. This will be a case-study site visit to King's Cross to learn lessons from real-life examples in an ongoing large scale development.

Drop-in

Topic Session feedback & recap

On: Tue 18 July 2017
6.30pm - 8.30pm

At: CWM Hub (opposite Tesco), Surrey Quays Shopping Centre, SE16 7LL

If you are unable to make the Topic Sessions, there will be a further drop-in event displaying information and feedback from the earlier events. The project team will be on-hand to discuss any questions and we'll start to look at crossovers between the physical and social aspects of inclusion.

Please RSVP for the the Topic Sessions.
