Project Update

Over the summer, we've been working with local groups to help inform how the character, activities, and design of the public streets and spaces can be inclusive for all. The design team has been developing more detailed parts of the masterplan and are working on a range of strategies, to help make sure the plan is robust.

Work on the masterplan is in progress and we'll be back in early 2018 to share the developed masterplan. Alongside this, there will be discussions on key areas of interest ahead of the submission of the planning application in Spring 2018.

Upcoming events

In the meantime, we're holding two topic sessions that will introduce new members of the team. Sharing new insights and ideas into Canada Water Dock, as well as the concepts around incorporating culture & heritage.

More details are below. We do hope you will be able to join these sessions.

If you aren't already on the mailing list and would like to receive updates, please contact us to register your interest (details below).

1 Canada Water Dock

On: Wed 22 Nov 2017
7pm - 9pm
Arrive from 6.30pm

The team have been carrying out investigations and research into Canada Water Dock. We'd like to share this information with you, alongside updates and a discussion with the team. This session will also introduce David Mooney from London Wildlife Trust who is advising on the project.

2 Culture & Heritage

On: Wed 13 Dec 2017
7pm - 9pm
Arrive from 6.30pm

We've heard how important it is to make culture, creativity and heritage seen and experienced in a new place - but what does this mean for you? This is a session with the team to share your ideas on the role that culture and heritage can have to help develop the future strategy.

All events at: CWM Hub (opposite Tesco)
Surrey Quays Shopping Centre, SE16 7LL

Please RSVP for the Topic Sessions if you can.
